EDUCATION

Morehouse School of Medicine – Atlanta, GA (*July 2018 – Present*)

Doctor of Medicine candidate, expected May 2022

Step 1: 253

University of Georgia, Honors Program – Athens, GA (*August 2013-December 2017*)

Bachelor of Science, summa cum laude, *Biology*

Graduate Concentration, summa cum laude, *Public Health*

MCAT: 518

University of Oxford – Oxford, England (*May - June 2014*)

- Studied biomedical ethics with Dr. Hanna Pickard of Oxford's All Souls College

Spring Travel-Study Programs – New York City; Washington D.C.; Moshi, Tanzania; Marrakesh, Morocco (*2014-2016*)

- Traveled to learn about topics including health policy, government, finance, religion, language, and ecology

Cacha Medical Spanish Institute – Riobamba, Ecuador (*May 2015*)

- Shadowed hospitalists, gastroenterologists, OB/GYN, and primary care physicians during clinical rotations in the rural indigenous Andean Cacha free community clinic, government health clinic, and local hospital
- Learned medical Spanish via a curriculum including medical terminology and patient-provider interactions

PUBLICATIONS

Zheng J, Lapu R, **Khalid H**. Integrating High-Fidelity Simulation into a Medical Cardiovascular Physiology Curriculum. *Adv Med Educ Pract*. 2020;11:41-50. Published 2020 Jan 15. doi:10.2147/AMEP.S230084

RESEARCH

Department of Cardiology, Office of Digital Learning, Morehouse School of Medicine – Atlanta, GA

Research Assistant (December 2018 – January 2020)

PIs: Dr. Rigobert Lapu, Director, MD1 Cardiovascular Physiology Curriculum & Cardiovascular Hemodynamic and Ultrasound Core; Dr. Jinjie Zheng, Director, Office of Digital Learning, Morehouse School of Medicine

- Investigated the efficiency of incorporating an inaugural high-fidelity simulation with a shock patient case scenario in the MD1 curriculum
- Analyzed and compared the utility of incorporating ECG and hands-on learning in a large lecture classroom based on student feedback

Cardiovascular Research Institute, Morehouse School of Medicine – Atlanta, GA

Research Assistant (May 2019-July 2019)

PI: Dr. Herman A. Taylor, Director of Cardiovascular Research Institute, Morehouse School of Medicine

- Investigated the role of African American resilience in the Evans County Heart Study despite increased social, environmental, and cultural risk factors for hypertension and coronary heart disease

Hammad A. Khalid

2774 Pebble Hill Pointe, Duluth, GA 30097 · hkhalid@msm.edu · (678) 481-2712

Department of Radiology and Imaging Sciences, Emory University School of Medicine - Atlanta, GA

Research Assistant (September 2020 - Present)

PI: Dr. Carlo De Cecco, Division of Cardiothoracic Imaging, Radiology & Biomedical Informatics, Emory University School of Medicine

- Collaborating on a review investigating the role and feasibility of artificial intelligence (AI) algorithms in assisting radiologists in detecting and distinguishing COVID-19-related pneumonia via chest X-ray and chest CT imaging, including current advances made in the field as well as future directions of AI in chest radiology
- Conducted an entire, thorough linguistic review (editing, revisions) of current literature on the topic and contributed the addition of a recently published study to the review paper

Complex Carbohydrate Research Center – Athens, GA

Undergraduate Researcher (January 2014-May 2017)

PI: Dr. Michael Tiemeyer, UGA Department of Biochemistry and Molecular Biology

- Investigated the protein glycosylation changes that arise during lung inflammation in asthmatics vs. healthy patients
 - Used lung epithelial cell primary cultures, tissue explants, and whole lung tissues
 - Learned tissue culture preparation, protein extraction, glycan release and permethylation, and subsequent analysis via mass spectrometry
- Completed independent project examining differences in O-linked glycosylation patterns between HIV-positive and HIV-negative patients using glycan analysis via nanospray ionization tandem mass spectrometry
 - Used primary cultures of cervical mucus tissue as starting material to define the glycome associated with both healthy cervical mucus tissue and HIV-positive patients
 - Learned additional lab techniques including SDS-PAGE/Western blotting, NSI-mass spectrometry sample preparation and analysis, column chromatography, ELISA, BCA Assay

PRESENTATIONS

- Khalid, Hammad. “Is The Evans County Heart Study Evidence for African-American Resilience in The Face of Increased Coronary Risk?” Presented at the Morehouse School of Medicine Medical Student Summer Research & Public Health Symposium (Atlanta, GA), July 2019.
- Khalid, Hammad. “O-Linked Glycosylation Patterns at the Interface of Cervical Mucins and HIV Infection.” Presented at the UGA Center for Undergraduate Research Opportunities (CURO) Symposium (Athens, GA) and Stamps Scholars National Convention (Atlanta, GA), May 2015.
- Khalid, Hammad. “O-Linked Glycosylation Patterns of Cervical Mucins in HIV Infection.” Presented at the UGA CURO Symposium (Athens, GA), May 2016.

EMPLOYMENT

Office of Digital Learning, Morehouse School of Medicine - Atlanta, GA

Academic Technology Student Liaison/Research Assistant (August 2019 - February 2020)

- Assisted the Office of Digital Learning in enhancing new research initiatives for the medical curriculum
- Researched novel instruction methods and implementation techniques for digital learning strategies

ScribeAmerica - Atlanta, GA

Medical Scribe (January 2018 - May 2020)

- Accompanied physicians during patient encounters and recorded patient history, physical exam findings, diagnoses, assessments, and plans into electronic medical record system

Hammad A. Khalid

2774 Pebble Hill Pointe, Duluth, GA 30097 · hkhalid@msm.edu · (678) 481-2712

- Facilitated communications among office staff, including organizing and updating patient lab results and imaging findings for physicians

HONORS & AWARDS

Morehouse School of Medicine Operation Keepsake Scholarship

- Awarded a \$25,000 annual renewable scholarship by the Morehouse School of Medicine Scholarship Committee due to outstanding undergraduate academic achievements and a manifestation of personal characteristics that contribute towards making an incredible physician.

University of Georgia Foundation Fellowship

- Awarded the University of Georgia's premier merit-based scholarship that provides full cost of attendance, travel stipends, and conference grants. Awarded to 20-25/1000s incoming freshmen annually.

The Phi Beta Kappa Society (Spring 2017)

- Inducted into the Georgia Alpha Chapter of Phi Beta Kappa, the nation's oldest, most prestigious honor society for the liberal arts and sciences.

Center for Undergraduate Research Opportunities (CURO) Research Assistantship (2015 – 2016)

- University of Georgia annual award given to outstanding undergraduate students across campus to actively participate in faculty-mentored research. Includes a \$1,000 stipend and a presentation slot at the spring UGA CURO Symposium.

Stamps Leadership Scholarship

- Selected as 1 of 170 Stamps Leadership Scholars in 2013 out of 543,000 applicants nation-wide. The charitable foundation scholarship funds merit-based programs nationwide and hosts national conventions.

National Merit Scholarship

- Selected from 8,000 Finalists out of 1.5 million entrants as a National Merit Finalist to receive the UGAsponsored Merit Scholarship Award.

Bauer Memorial Award (Spring 2015)

- A \$2,500 stipend awarded to the exceptional journalism student each year most deserving from an academic and professional point of view, with specific emphasis on the writing reporter.

The Honor Society of Phi Kappa Phi (Spring 2015)

- Inducted into the University of Georgia chapter of the nation's oldest all-discipline honor society. Membership is by invitation only to the top 7.5 percent of second-semester juniors

Presidential Scholar

- University of Georgia award given to students with a GPA of 4.00 the preceding semester with a minimum of 14 hours.

Dean's List

- University of Georgia award given to students with a GPA of 3.50 or higher the preceding semester with a minimum of 14 hours.

Alpha Epsilon Delta Pre-Medical Honor Society (Spring 2014)

- Inducted into the Georgia Alpha Chapter of the nation's largest health pre-professional honor society.

CAMPUS/COMMUNITY INVOLVEMENT & LEADERSHIP EXPERIENCE

Morehouse School of Medicine Anesthesiology Interest Group

2nd Year Representative, Executive Board (August 2019 - August 2020)

- Organize and help direct Anesthesiology Interest Group Meetings
- Plan events for the school year such as intubation clinics and discussions with anesthesiologists

H.E.A.L. (Health Equity for All Lives) Clinic Co-Director, Committee Chair, Student Administrator

Director of Physician Recruitment, Chair of Preceptor Recruitment Committee (April 2019-Present)

- Oversaw and directed physicians, medical students, residents to ensure the successful running of three stationary, student-run free clinic locations to see underserved and underprivileged patient populations
- Ensured all three stationary weekly clinics and mobile clinics/health fair events were properly staffed with providers (attending, residents, NPs, PAs, pharmacists, etc.)
- Created and headed a longstanding Preceptor Recruitment Committee, led meetings and delegated duties and responsibilities to ensure all three stationary clinics and mobile clinics/health fairs were adequately staffed with healthcare providers and promote increased involvement of the entire MSM student body
- Organized and hosted the annual Physician Recognition Banquet to award providers who went above and beyond in their volunteerism, service, and commitment to H.E.A.L. Clinic

Morehouse School of Medicine Wellness Committee

Committee Co-Chair (September 2018 – August 2019)

- Increased class and schoolwide awareness of mental health issues during Wellness Week via flyers, emails
- Wrote and sent out periodic uplifting wellness reminder emails before exams to entire medical school class

Morehouse School of Medicine Radiology Interest Group

Executive Board, Secretary (September 2018 – January 2020)

- Organize radiology interest group meetings and send out emails about radiology-related opportunities
- Increase awareness about schoolwide radiology events such as an annual radiology workshop held at MSM

Morehouse School of Medicine First Look Conference

MCAT Panel Speaker, Co-Leader, Volunteer (September 2018)

- Selected from 100 students as 1 of 3 students to lead the MCAT Panel for undergraduate pre-medical students
- Gave a talk/presentation on MCAT preparation, advice, and tips for scoring above the 90th percentile
- Helped organize logistics for the annual First Look Program hosted by MSM first-year medical students

John Hope Community Center - Atlanta, GA

Healthcare/Medicine Curriculum Coordinator, Volunteer (August 2018 – May 2020)

- Designed and implemented a new after-school program for local primary school children based on healthcare
- Teach and modify curriculum to increase childhood exposure to science, the human body, and medicine

Morehouse School of Medicine Academic Committee

Exam Review Subcommittee Chair (October 2018 – May 2019)

- Gather class feedback on exam questions that need clarification, modification, or deletion
- Present defective exam questions to professors on behalf of the class

UGA NETwork Against Malaria

Co-Founder, Co-President (September 2013-2014)

- Co-founded a UGA chapter of a national student organization dedicated to raising awareness and funds for malaria prevention and treatment in Uganda
- Overlooked Directors of Fundraising, Marketing, Community Outreach
- Organized meetings and ongoing member involvement

Hammad A. Khalid

2774 Pebble Hill Pointe, Duluth, GA 30097 · hkhalid@msm.edu · (678) 481-2712

UGA PreMed Magazine

Director of External Affairs (October 2013-2015), Copy Editor (May 2014 – 2015), Senior Writer (August 2013-2015)

- Managed franchising of PreMed Magazine to other collegiate chapters across the Southeast
- Wrote columns and articles published in the online and print magazines and the website
- Improved formatting, style, and accuracy of articles before they are published

Shifa Free Health Clinic

Volunteer Coordinator, Webmaster, Medical Volunteer (January 2015 – Present)

- Triage duties including recording patient histories, chief complaint, and taking vital signs
- Shadow hospitalist, internist, cardiologist, pediatrician
- Present on relevant medical illnesses and topics to educate clinical staff
- Implement a new patient electronic health records (EHR) system to streamline efficiency of patient care
- Created a social media presence to promote awareness and facilitate interactions between clinic personnel
- Train new student volunteers in triaging, reception, and logistical clinic duties

Journal of Young Investigators

News and Features Editor (September 2014 – 2016)

- Responsible for training, managing, and maintaining communications with a group of science journalists
- Provide advice and guidance to science journalists as they write articles on current science news and feature articles presenting important scientific topics to the general public
- Coordinate the article review process

The Red and Black

Staff Columnist (July 2014 – 2015)

- Published Views (opinion editorial) articles for print issues and website

Georgia Political Review

Staff Writer (August 2014 – May 2017)

- Published articles in biannual print publication and website

Stamps Scholars 2015 National Convention Planning Committee

Executive Board Member (August 2014 – 2015)

- Assist Stamps Scholars from Georgia colleges and universities plan the third biennial Stamps Scholars National Convention
- Aid Georgia Tech Stamps Scholars in finding novel methods of integrating Stamps Scholars from all 43 participating Stamps colleges and universities in the planning process and convention

Thomas Lay After School Program

Volunteer Mentor (January 2014 – 2016)

- Tutored and mentored at-risk elementary school students in homework, reading, and writing
- Facilitate healthy after-school physical activities

Project Yemen

Co-Founder (June 2013-2014)

- Founded a social business aimed at curbing the growing pollution problem while simultaneously aiding poverty-stricken residents in Yemen
- Created a social media presence to raise awareness and promote the business
- Planning and pre phase included connecting to local sanitation companies to partner with us overseas

Hammad A. Khalid

2774 Pebble Hill Pointe, Duluth, GA 30097 · hkhalid@msm.edu · (678) 481-2712

- Networked with the Atlanta startup community, including attending Atlanta Startup Village meetings

UGA MathCounts Outreach

Math Coach (August 2014 – 2015)

- Tutor Athens-Clarke County area middle school students in mathematics
- Teach new math concepts, practice competition-style math problems, and strengthen middle school students' problem areas

PROFESSIONAL ASSOCIATIONS, ADDITIONAL SKILLS & INTERESTS _____

- Writing, Editing
- Clinical Research
- Coding/Programming, Computer Science, Health Education
- American College of Physicians (ACP) Member (2018-present)
- Fluent in Urdu
- Limited working proficiency in Spanish
- Social Entrepreneurship
