

Hammad A. Khalid

Atlanta, GA • hammad951@gmail.com • (678) 481-2712

Medical, health, and science communications professional with expertise in clinical research, writing, publishing, editorial leadership, and digital audience strategy

HIGHLIGHTED EXPERIENCE

@Dieseldoesnothing — Content Creator & Social Media Strategist (2024–Present)

- Create, edit, and publish multimedia content across Instagram, Facebook, TikTok, and YouTube with emphasis on engagement, readability, and audience psychology for accounts reaching over 100,000 combined followers
- Coordinate brand-facing campaigns, audience communication, publishing strategy, and platform-specific content optimization

The Loki Show, LLC — Digital Media Manager (2022–Present)

- Manage digital content strategy, publishing workflows, audience growth, analytics, and engagement across social platforms reaching over 2 million combined followers
- Translate audience behavior into content decisions, optimizing messaging, format, timing, and presentation while maximizing clarity, retention, and reach

Morehouse School of Medicine — Academic Technology Student Liaison / Research Assistant (2018–2021)

- Supported medical curriculum and digital learning research initiatives through literature review, educational research support, and scientific communication
- Researched technology-enhanced instructional methods and implementation strategies for medical education

Journal of Young Investigators — Senior News & Features Editor (2014–2016)

- Managed and edited science journalism content while training writers and coordinating article review workflows for publication
- Worked with contributors to improve clarity, scientific accuracy, structure, and audience accessibility
