Atlanta, GA • hammad951@gmail.com • (678) 481-2712

Science and healthcare communications professional with experience spanning medical research, scientific publishing, editorial strategy, healthcare writing, and digital audience engagement.

EDITORIAL, PUBLISHING & COMMUNICATIONS EXPERIENCE

Healthcare Communications, Digital Publishing & Audience Strategy (2024–Present)

Manage audience-facing digital publishing platforms with a combined audience exceeding 100,000 followers across social platforms. Develop communication and audience engagement strategies emphasizing readability, emotional resonance, and effective digital content presentation.

Medium — Writer & Publication Editor (2021)

Wrote and edited healthcare, science, productivity, and self-improvement articles. Served as editor for multiple Medium publications and developed experience in digital publishing workflows and audience engagement.

Journal of Young Investigators — News & Features Editor (2014–2016)

Managed science journalists and coordinated editorial review workflows for science news and feature content. Edited articles for clarity, accessibility, structure, and scientific accuracy.

UGA PreMed Magazine — Copy Editor & Senior Writer (2013–2015)

Edited healthcare and medicine-related articles for formatting, style, grammar, tone, and factual accuracy prior to publication. Wrote healthcare and science-focused articles for publication.

MEDICAL & SCIENTIFIC COMMUNICATION

Contributed to scientific manuscript writing, editing, literature review, and research communication across cardiology, radiology, gynecologic oncology, AI in medicine, and public health topics through research roles affiliated with Morehouse School of Medicine and Emory University School of Medicine.

Served as an Institutional Review Board (IRB) member within a vascular/general surgery research environment associated with New York City Surgical Associates IRB #1 (IRB00010888) prior to post-COVID departmental downsizing and closure of the research division.

Conducted editing and linguistic review of scientific literature, review manuscripts, and healthcare-related research content intended for academic and professional audiences.
