CLINICAL RESEARCH, SCIENTIFIC WRITING & DIGITAL COMMUNICATIONS EXPERIENCE

Emory University School of Medicine — Department of Radiology & Imaging Sciences

2020-2024

Clinical Research Associate

- Co-authored peer-reviewed research published in the Journal of the American College of Radiology, contributing extensively to bibliometric data collection and analysis, interpretation of findings, manuscript drafting, substantive revision, and final publication preparation with physician investigators
- Conducted literature review and substantive scientific editing for research on artificial intelligence applications in chest radiology, evaluating emerging evidence and incorporating newly published studies into manuscript
- Translated complex research methods and findings into clear, accurate manuscript content for academic and clinical audiences

Morehouse School of Medicine — Departments of Cardiology & Medical Education

2018-2022

Clinical Research Associate

- Co-authored a peer-reviewed medical education article evaluating high-fidelity simulation and cardiovascular physiology instruction; primary contributor to research design, data interpretation, manuscript writing, revision, and publication
- Synthesized cardiovascular physiology, ECG instruction, learner feedback, and educational outcomes into publication-ready scientific content and presentations
- Collaborated with physicians and PhD faculty throughout research development, interpretation of findings, manuscript revision, and scholarly dissemination

Journal of Young Investigators — Senior News & Features Editor

2014–2016

- Led development and editorial review of science news and feature articles from assignment through publication, ensuring scientific accuracy, logical organization, clarity, consistency, appropriate tone, and audience relevance
- Guided science writers in interpreting primary scientific literature and translating complex findings into accurate, accessible scientific narratives
- Reviewed and revised writers' work, provided substantive editorial feedback, resolved content issues, and coordinated simultaneous publication workflows under deadline
- Trained and managed science journalists and maintained consistent editorial standards across multiple writers, subjects, and stages of production

Diesel Does Nothing & The Loki Show, LLC — Content Creator & Social Media Manager

2024–Present

- Create, edit, and publish short-form multimedia content across Instagram, Facebook, TikTok, and YouTube, driving engagement, retention, and audience growth for accounts reaching over 100,000 combined followers
- Lead content strategy, platform optimization, audience engagement, community management, and brand-facing campaigns while analyzing platform performance and audience behavior to improve reach and retention
